

# TEC PrEP Navigation Program

TEC PrEP Navigation can help you decide if PrEP is right for you. We can also connect you with a local PrEP Provider, provide linkage to PrEP care/referrals, offer PrEP support groups & we have peer PrEP Ambassadors who are ready to assist individuals in getting access to PrEP medication and PrEP copay. For those who are uninsured, assistance for PrEP copay may be obtained through TEC, local health department, Lincoln CHC or Duke PrEP Clinic.

If you would like a PrEP Ambassador to contact you, please call (800)806-3558. TEC is available for group PrEP presentations/testing events.

If you live in the Triangle area, and would like to learn more information, please feel free to contact one of our local community PrEP providers:
